Summary Minutes – December 3, 2013

1) Roll Call – Meeting was called to order by Chairman Van Bueren at 7:00 PM. Directors Knapp, Michel, Van Bueren and Scott were present.

2) Approval of November 5th minutes – Motion by Scott, second by Michel, passed unanimously.

3) Public Expression – Justin Quevedo of Superior Pump was in attendance to speak regarding CDP 6-2013 (Guardino Water Line). There was no general public input.

4) New Business – Guardino Water Line permit application, CDP 6-2013 – Mr. Quevedo provided the following information:

- A water line is to be extended between two lots owned by the same individual
- The source lot has a strong well, the destination lot has a failing well
- The line will be tunneled under the public road between the two lots, with no open trenching or disturbance of public land
- The deed for the destination lot will be modified to guarantee water access from the source lot's well for any future owner

After a few questions and some discussion the council voted unanimously to submit the review with no comment. (Meaning no objections or other comment from the WMAC.)

5) Old Business

a) Update on CDP12-2012 (Haul Road removal) (Van Bueren) – The California Coastal Commission denied the permit protest that had been presented by local community members against California State Parks plan to remove the Haul Road at Ten Mile Dunes.

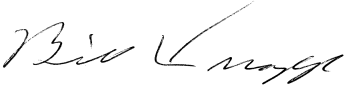

b) Passing Opportunities (Scott) – Darin Hill of the Fort Bragg CalTrans office reported that due to a 1900 foot minimum clear visibility requirement there are no opportunities to allow a passing opportunity (dashed center line vs double yellow or solid yellow centerline) between Westport and the Ten Mile River Bridge. CalTrans does have a plan to put in a Turn Out, to allow slower traffic to pull over, on the southbound lane just South of the Ten Mile Bridge in 2014. There is also a future possibility, no date available at this time, for a Turn Out South of Chadbourne Gulch.

6) Announcements / Correspondence – None

7) Preliminary agenda for January 7th
No agenda items were identified.

8) Adjournment – meeting was adjourned at 7:30 PM

Thad Van Bueren, Chair

Attest: 

Bill Knapp, Secretary
